We hope you will agree that this year we REALLY have a great selection at fantastic prices! Please give us your feedback to ensure we have what you want for next year, so please let us know directly or through www.gammg.org. All proceeds from our annual plant sale are used right here in our community for both 4-H and Georgia Mountains Master Gardeners' projects!

When filling out your order, enter number of plants of each type in the "How Many" column on the same line as the plant you want to order. Then multiply the "Cost Each" amount by the number of plants in the "How Many" column to calculate "Total Cost" for that line. When finished, add all the numbers together in the "Total Cost" column for your "Order Total".
